CONSULTATION EVENTS

The emphasis on information events has shifted slightly now and since April, we have been conducting a consultation event and research event each quarter. The topics for consultation and research are provided by the Early Education and Childcare Unit and for the last two quarters our focus has been on After School Clubs and the Children's Information Service. If you would like any further information please ask.

YATELEY FAMILIES MATTER

On the 23rd June Families Matter held a Save a Baby's Life course, which was delivered by the Royal Life Saving Society. The evening was a great success and enormously beneficial to all whom attended. Everyone had a chance to practice their skills of resuscitation and what to do in the event of an infant choking, as well as receiving advice on numerous other emergency actions.

Those who attended also completed a questionnaire highlighting further topics of interest for families and children in the local area.
