

Message from Helen Harris re Branch Meeting:

Helen is ADHD nurse for Southern Parishes. Regrets she is unable to attend meeting, as she would like to share news:

- there is now no-one waiting for ADHD assessment in Southern Parishes;
- local contacts have been established
- building up relationships with the community, schools, and professionals.
- now trying to pick up on girls who have ADD (i.e the quiet ones who are not causing any trouble, but are not progressing with school work)
- Helen is making slow but sure progress, but the more complex disorders still need attention.

Under Fives Fun Days:

Eastleigh Fundays Group needs new expertise, especially in publicity and fundraising to help make the Fundays better, and to extend the Fundays to other parts of the Borough.

We need more participant if we are to offer more activities.

Pumpkin Festival:

**Pumpkin festival at the chapel Royal Victoria Country Park Netley on sat 14th October 1200 noon til 1730.** Big Draw activities too. Suggestions welcome!
